A message from Sandy Richland Area Chamber & Economic Development 3-Year Strategic Plan Announced

In the fall of 2021, our Board of Directors met to craft a new Strategic Plan for the Richland Area Chamber & Economic Development. The goal was simple: we wanted to develop a plan that would help guide our work through 2025 by responding to the most significant needs of our community.

We began with extensive input from our members and other community leaders, who helped us craft a framework to guide all three organizations through 2025. After careful consideration, we officially adopted this new 3-year Strategic Plan in January 2022.

The plan's main focus areas are:

- Foster Economic Strength – through advocating for economic diversity, growth, and resiliency.
- Cultivate Quality Talent - through advocating for an environment where businesses successfully develop, recruit, and retain an agile workforce.
- Champion Community Excellence - through advocating for Richland County to be the premier place to live, work and raise a family.

We know that achieving these goals will require strong leadership, dedication, commitment, and broad collaboration from all three organizations. And we know that if we work together as one voice speaking up for what matters most in our community—we can make Richland County the BEST place to live, learn, work, and play in Ohio!

We invite you to look at the plan and share it with others interested in joining this vital work. We believe our future opportunities are strong, and we look forward to partnering with you to help make them a reality!

This report is available for download [here](#). If you have any questions, don't hesitate to contact smessner@richlandareachamber.com.

Did you Know?

Dr. Daniel Hale Williams **wouldn't take "no" or settle for "less than"**. Through his persistent drive, community partnerships and support, he founded Provident Hospital and Training School, the first black-owned hospital in America in 1891.

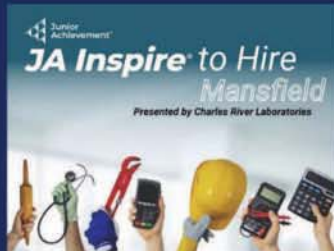

Dr. Daniel Hale Williams, a black man, performed **the world's first successful heart surgery in 1893.**

How fitting that February is **American Heart Month** and also **Black History Month.**

Black History is American History.
