What is it?

LeaderRichland is a free program that connects 7th and 8th grade students with area professionals of distinction. By sharing personal experiences, **Mentor-Speakers showcase the opportunities that abound in Richland County:** the variety of **professions**, the variety of **educational backgrounds**, and the variety of **pathways to success** in our greater community.

The goals of LeaderRichland are:

- **Strengthen** school district's standing among community and private sector
- **Encourage** students to think about personal goals and aspirations
- **Provide** a roadmap to achieving success
- **Connect** a network of role models and professionals to area students
- **Demonstrate and Reinforce** the Ohio Means Jobs Professional Skills to students.

Join us as a mentor-presenter.

As a presenter, you will prepare **one thirty-minute presentation**, which will be repeated four times each day.

- **10 minutes on your background story**
- **20 minutes on an engaging activity related to your job or profession.**

First, what is your story?

The key to Leader Richland is you, as mentor, sharing your story of your career and education experiences as examples. Research shows that youth make career selections based upon their parents' or extended family members' choices. Leader Richland can extend that awareness by showcasing the multitude of options—trade and career schools, two- or four-year degrees, post graduate work—in all sectors.

Second, provide real life examples of one of the Professional Skills of OhioMeansJobs Readiness Seal.

The OhioMeansJobs-Readiness Seal (Ohio Revised Code 3313.6112) is a formal designation that a student in high school can earn by demonstrating the professional skills that are required for success in the workplace. Leader Richland serves early exposure to these skills in 7th and 8th grades. Would you select one of the Professional Skills to highlight and provide students with a problem or activity related to that from your career?
